

WHERE YOUR ROOM IS THE VIEW

Coblentz Inn

Inspired by our islands
abundance of cultural influences, each of our rooms

opens a window onto the landscape of our rich heritage.

At Coblenz Inn your room is the view

Our Central room *glitters with the opulence*
of Indian palaces
and envelops you with the vivacious colours
of bazaars and Asian marketplaces

The vibrant images surrounding you
breathe with life, and if you listen closely
you will hear the rhythmic click click of a donkey's hooves burdened
by the weight of a wooden cart laden with coconuts

The room Government House pays tribute to our rich political history.

Sink into the stately king size bed
surrounded by the images of our past
Governor Generals and visiting royalty

When you enter our room This Old House,
you enter a space and time
when urgent messages were sent by telegraph
and your trade might have been the export of local sugar and cocoa

In the Cocoa House, it is easy to imagine yourself
canopied by the glistening red, amber and
which whisper the tales *gold leaves of the cocoa trees,*
of our rich and mystical folklore characters

This room takes its inspiration from a large natural savannah
in the midst of our city centre.

Enclosed by the beauty of the colonial masterpieces,
the Magnificent Seven,
the Savannah is our oasis in Port-of-Spain

Ahh...cricket, glorious cricket Passionate fans pack The Oval
to witness our boys engage the opposing team.
This room captures that excitement with memorabilia,
historical photographs and an almost life sized mural of a test match in play

Themed kitchenettes add the
convenience that compliments
our exquisite rooms

Our Terrace in the Trees offers a more private outdoor dining environment
in the quiet ambience of

lush tropical surroundings and golden sunsets.

Include a soak in the Jacuzzi
and it's a perfect spot for a romantic rendezvous

For the weary soul and body
we offer massage therapy

We boast one of the premium fine dining restaurants on the island,

Battimanzelle and Battimanzelle in the Garden

Renowned for Caribbean Gourmet cuisine,
chef Khalid Mohammed works his *culinary artistry*
to create delights like Escargots with Sauteed Field Mushrooms
and Guava Bar-B-Que Kingfish

Created spaces help
ease the mind and soothe the senses.

In our inviting Reading Nook you will find several novels
by notable local and Caribbean writers
